

TOMBSTONE EPITAPH.

PUBLISHED EVERY SUNDAY BY S. C. BAGG

Tombstone, Cochise County, Arizona.

ENTERED IN THE POST OFFICE AS SECOND-CLASS MATTER.

LOCAL HAPPENINGS

From Friday's Daily.

Scott White left this noon for home.

Mr. Dalton resumed his place in school to-day.

Strawberry and ice cream festivals are now in order.

The city assessment roll shows a total of \$343,913.95 taxable property.

No returns have been received yet from San Simon, Brannock, Rucker or Ross' Mill.

The election returns have not changed the aspect of the result as published last night.

Francis J. Heney, who was the attorney in an important suit here, left for home to-day.

Ex Judge Barnes says that "Little Steve" was one of his warmest friends and the best clerk he had in his district. Poor Daily! Poor Martin!

B. F. Smith reports that there will be a heavy crop of fruit in the Chiricahua mountains this year; the trees are loaded and the young fruit well advanced.

Ice Cream in packages until parlors are fitted up, also orders taken for any amount wanted by giving one day notice at Yapple's candy factory. m9if

John Oliver has returned from Los Angeles, where he was summoned by the serious illness of his wife. Mrs. Oliver and son were, fortunately, doing well when he left them to return to La Noria, Mexico.

The embargo on Mexican fluxing ores has not raised the price of lead, as it is lower now by 80 cts than it was in 1888, the year in which Mexico sent more lead ore than before or since.—Bullion.

A suit in damages has been filed with the clerk of the district court against Don Yan, the wealthy Chinaman of Meyer street by Ah You who claims that his brother was bitten by a hog belonging to Don Yan, from the effects of which he died, and for which he claims damages to the tune of \$5,000.—Star.

The report of the chief of police for the month of April shows a total of licences collected of \$404.50 cents, which together with \$12.50 turned in by ex-license collector Bravin and \$5. of back license made a total of \$422. turned in for licenses for that month. His report also shows the collection of \$418.70, personal property tax, which makes a total of \$840.70 turned in to the treasurer for that month.

During our recent visit to Corralitos and northwest Mexico we succeeded in finding the tungstate of lime not far from the Congress mine and subsequently discovered it also in the Chiricahua mountains of Arizona, seven miles from Bowie station on the S. P. railway. The tungstate of lime is employed in the arts to harden steel tools when required for special purposes, when special hardness is desired.—Bullion.

The big bay leader, which has called forth many comments of praise from stage travellers over the Tombstone and Fairbank road is about done for. He ran a sharp stick into his foot, a few days ago, and lockjaw resulted although Dr. Goodfellow extracted the cause of the trouble. The animal is being fed through a tube but only liquid food can enter the stomach.

The Phenix Herald says that Councilman A. J. Doran and Assemblyman J. H. Tevis, of the Territorial Investigating committee, arrived there to prepare a report for the Governor. Of the other members Councilman Dennis and Assemblyman Gough have gone home and Assemblyman Pusch did not attend the Yuma prison examination.

SOME enthusiastic friend of George Cheyney telegraphed to the Republican at Phenix that Mark Smith was only twelve votes ahead of him.

JUDGE BARNES in his Tucson speech said that he took the \$500 per annum from Cochise county on advice of Col. Herring. But the Col. has not been heard from yet.

THE El Paso Times has been thrown out of the mails for publishing the decision of the supreme court of Louisiana on the lottery question. The proprietors of the Times have in turn had postmaster Smith arrested on a charge of unlawfully delaying mail matter. The Times bases its case against Smith on the following opinion of Justice Fields:

In the case ex-parte Jackson 96 U. S. 733, which distinctly says: "Regulation against the transportation in the mails of printed matter which is open to examination, cannot be enforced so as to interfere in any manner with the freedom of the press. Liberty of circulation is essential to that freedom."

Around Town.

"I was down at Nogales the other day," said a prominent gentleman of that city "and heard Barnes and Heney talk, and it was a picnic. Heney spoke first and Barnes next. The latter did not answer Heney at all but simply scored the Camerons. The understanding was that Heney would talk first and Barnes next, each to talk an hour and Frank to close in a 15 minute speech. Heney spoke and literally ripped a hole in Barnes' character and gave undisputed evidence of his crookedness. Barnes spoke from a dry goods box further down the street and when he had finished Heney was behind the box and jumped on it and began to talk. This was a signal for a bombardment and Chinese bombs were fired off around the improvised rostrum and drowned the speaker's voice. When the bombs gave out Mr. Heney tried to talk, Barnes' crowd yelled like madmen and seeing there was no use to attempt to be heard, the speaker came down, after first telling the crowd at the top of his voice that only cowards refused to hear the truth."

COL. HERRING—I believe as the PROSPECTOR does, that the Constitutional convention will have a republican majority, but I do not believe that this will prevent our becoming a state. I believe that when we go before congress that both houses will treat us as the girl does who marries the persistent lover. I think they will let us come in to get rid of us.

T. J. WHITE—I received a letter from Wilcox the day before the election telling me that I need not look for any votes over there as the fight was from now, on the division of Cochise. The same talk was made about Mark Smith and his telegram to Brady during the division fight. This is to be the only issue after this until they attain their desired end.

Through the Weary Hours

Of many a night made doubly long by its protracted agony the rheumatic sufferer tosses to and fro on his sleepless couch, vainly praying for that rest which only comes by fits and starts. His malady is one which ordinary medicines fail to relieve, but there is ample evidence to prove that the efficient blood depurant Hostetter's Stomach Bitters affords the rheumatic a reliable means of relief. Check the malady in its incipient stages, when the first premonitory twinges come on with this agreeable medicine and avoid years of torture. Whatever be the rationale of the active influence of the Bitters upon this malady, certain it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, however, it deserves a protracted systematic trial, and should not be abandoned because not at once remedial. It is equally efficacious in dyspepsia indigestion and kindred disease

FOR RENT—The Miner's restaurant at Bisbee, A. T. 2-6-1f

Balances in the City Funds May Ist.

General fund.....	\$2042 16
Salary fund.....	357 45
Interest fund.....	292 00
Contingent fund.....	53 72

Total cash on hand.....\$2745 35

Receipts for April from various sources were:

Licenses, salary fund.....	\$ 448 00
Rents, interest fund.....	35 00
Fines, salary fund.....	25 00
Delinquent tax, general fund	7 05
Personal prop. tax, " " "	447 30

Total.....\$3462 68

DISBURSEMENTS FOR APRIL:

Building fund warrants.....	\$ 72 35
Salary " " " " "	645 00

Total.....\$717 35

Leaving a balance in all funds May 1st of \$2745.33.

Court Items.

Frank Millar, who entered a plea of guilty was sentenced to Yuma prison, for a term of eighteen months.

Territory vs J. McMahon, plea of not guilty; trial set for May 18th.

The grand jury made a partial report.

Dan Shankland was indicted for murder, and Mary Baker for assault with a deadly weapon.

Territory vs Vidal, dismissed.

Territory vs Hotopp, dismissed.

In the matter of H. E. Penney, a defaulting witness; taken under advisement.

St Helena Mine.

M. Nelson, one of the pioneer carpenters of Tombstone returned yesterday from St Helena mine in Sonora. He reports all of the Tombstone boys who recently went there, as being well and satisfied and working steadily. The 60 stamps are running night and day. The mill men get the same wages as they did at the Grand Central mill when it closed down. The Mexicans work in the mine and receive eight and ten bits a day in Mexican money. The process of amalgamation is the pan and settler, the boss process which was not a success, having been taken out. Mr. Nelson will return to the mine in a few days.

Rather Pointed.

The public is herewith formally notified that W. H. Gill has been discharged from the Republican—for cause, and is in no manner, shape or form connected with the paper.—Republican.

To the Public.

I have severed all connection with the Arizona Republican published at Phenix. To my many friends over the Territory I return my sincere thanks for the courtesies extended to me as editor of the Republican and at some future time hope to again cater to your news palate.

Very Respectfully,
EDWIN S. GILL.

Wm. Nichols and John Bauer have returned from El Paso, where they had been for several weeks. They visited, during their absence, Pueblo, Telluride and other points in Colorado and New Mexico. At Telluride they report Martin and Rundle doing a big business and making money. J. M. Nichols is at Pueblo and will go to California in a few days, stopping at Prescott on his way.

THE PROSPECTOR has been favored with a copy of Barnes' Tucson speech. He contradicts none of Heney's charges but his whole argument was that he did what he did during his term of office as judge and he would do it again.

Advertised Letters.

The following is a list of letters remaining in the general delivery at the Tombstone postoffice for the week ending May 16, 1891:

Benner, John	Gravies, A. G.
Bima, J. H.	Landers, Chas.
Beekwith, Brise	Thomas, Libbie

Parties calling for any of the above letters, will please say "advertised" and give date.

W. A. HARWOOD, P. M.
Fare to Bisbee via Engle's stage line reduced to \$2.50. n14.f

NEWS BY WIRE.

BINGHAMTON, N. Y.—Secretary of War, B. F. Tracy is in the city on private business. In an interview with a Republican reporter last night he stated several important facts concerning the Itata which have heretofore been matters of speculation. The secretary states indefinitely that the Charleston has orders to capture the Itata wherever she may be found upon the high seas. This includes all waters outside the three mile limits or ports of foreign countries. He did not anticipate a fight but in case of resistance the United States ship would carry out her orders at all hazards. The United States had maintained a strictly neutral position in refusing to supply arms to insurgents and as the Itata had violated every rule of international law in breaking away from the custody of our government after seizure she would have to take the consequences.

SAN FRANCISCO—The Call has an interview with A. K. Coney, Mexican consul general at this port, in regard to the probable action of the Mexican government if the Itata enters the port of Acapulco. He says Acapulco is a neutral port and he is confident the Charleston will not be permitted to seize the Itata there, but if the Itata enters there with contraband goods on board, it is probable that Mexican officers will turn the guns of the fort on her and seize her themselves. The fort is not a very powerful one but is strong enough to capture the Itata.

WASHINGTON—The Russian legation here received a cablegram from St. Petersburg which contained information to the effect that no bad results are apprehended from the effect of the sabre cut received by the Czarevitch yesterday.

CITY OF MEXICO—The latest advices from the war ridden country that the insurgents have laid a final demand before Balmaceda for his surrender and agreement to their plans, and that in event of his failure to agree, the port of Valparaiso will be blockaded and if necessary the town bombarded. The total fighting force of the Insurgents are 175,000 men and that of the regular government less than 125,000. Balmaceda is resting his hopes on the ironclads. President Pinto and President Ezauri, two huge men of war which were ordered by the Chilean government of French ship builders. Both vessels are completed and Balmaceda has ordered their sailing but the French government has refused to allow them to leave port, which clearly shows which side France favors in the South American strife.

NEW YORK.—Cables to Flint & Co. from Valparaiso state that several of the directors of the revolution whose names have recently appeared affixed to so-called decrees and Manifestos of the insurgents given out from Paris are known to have gone down with Blanco Encalida nearly a month ago. There is a mixed indignation and amusement in Chili over the resurrection.

CITY OF MEXICO.—Up to 7:30 neither the Itata nor the Charleston had reached Acapulco. A coasting vessel, it is rumored, sighted two steamers near San Blas, one supposed to be the Itata, about noon, and the other supposed to be the Charleston, about six o'clock.

CITY OF MEXICO.—Rumors of a serious riot, in the state of Hidalgo,

have dwindled down to a small local disturbance principally of a personal nature. There has been no uprising against the government.

PARIS.—The Siele says in spite of the rupture between Balmaceda and the Congressional party of the Chilean government that France, the United States and Brazil intend to fulfil the task of arbitrating the matters in dispute between the now contending factions. The Siele adds that the task will be undertaken with every prospect of success.

SAN DIEGO.—Passengers on the steamer Crescent City, which arrived from Cedros Island last night, report that when about ten miles below Ensenada, on Monday night, the cruiser Charleston was sighted, far out at sea. As soon as the officers of the war ship caught sight of the Crescent City they changed their course and made directly for her. As soon as the cruiser approached the captain of the Crescent quickly raised the American flag and saluted. The Charleston immediately turned at right angles and soon steamed out of sight in the southwest. The Crescent officers report seeing nothing of the Itata.

From Saturday's Daily.

LOS ANGELES—There are no developments in the Robert and Minnie case. The sailors are still in jail, the Captain and Mr. Burt still at the Hollenbeck in charge of a deputy marshal, no bond having been given in any of the cases. There is evidently a hitch somewhere in the bail not being forthcoming, but the gentlemen refuse to say anything any more than they are waiting for bail from Frisco and are expecting it momentarily.

Their liberties of action are not restricted, and they conduct themselves much with the same freedom as if they were on bail, except the marshal is present all the time, the only responsibility Marshal Gard being under is to have them before the United States commissioner on the day fixed for the examinations.

CITY OF MEXICO—The government is vigilant in its endeavor to sight the Charleston and the Itata, but there seems to be a secrecy maintained and nothing can be found out regarding their movements.

WASHINGTON—The report that an engagement has taken place between the Itata and Charleston is hoisted at in the department here. It is reported that the Charleston has no orders that will allow her to fight and no fight is anticipated.

SAN FRANCISCO.—The attempt to load arms for the insurgents is being carried on without much secrecy and an open attempt to sail with a cargo will be made to-morrow by a small schooner and a test case brought forward.

The Mexican Financier states that the population of Lower California is 21,000 of whom 1000 are foreigners. The area of the Territory is 80,000 square miles. Most of the foreigners are engaged in mining.

SAN FRANCISCO—The Pacific Mail Steamship company's officials could give no information as to what vessels were at Acapulco, saying that dispatches of that nature were never called for unless they involved business of the company.

Court News.

The grand jury indicted Ben Joyce, Hular Vile and G. Lopez for grand larceny. George Walker with assault with a deadly weapon.

Ben Joyce and George Walker had their bail fixed at \$500 each and defendants pleaded not guilty.

In the case of Shilling vs Nardini and Faulkenstein vs Nardini, judgment was given for plaintiff.

Weber vs Davis, demurrer sustained and time given to amend.

Davis vs Weber, continued for the term.

Maringer vs Tevis, set for May 26.

The grand jury adjourned to meet on Monday next.

A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Trial bottle free at Yonge's

The returns from Ross' mill were brought in last night by Mr. Ross and placed Col. Herring and Mr. Montaudon still closer together and left W. K. Meade still further in the rear. The two former were tied and the latter 25 behind.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. The sale of property on the delinquent tax list of the county commences on Monday morning next.

The A. T. & S. F. railroad company will sell tickets to the Trans-Mississippi Commercial congress, to be held at Denver, May 19, at one and one-third fare.

NEARLY every nation heard from favors the insurgents in their present struggle and without the intervention of the United States the insurgents will win.

The Los Angeles Express says: The executive committee of the editorial association of Southern California held a short session this morning at the Nadeau. The principal business discussed was a summer meeting which will be held at Flagstaff early in August. It was decided that a member of the committee first visit Flagstaff and look over the proposed route in order that the committee may be thoroughly posted as to the expense and the time that will be consumed in the trip to the Grand Canyon of the Colorado. As soon as all details are forthcoming the committee will publish a circular, which will be sent to every member of the association.
